

INFLAMED ECZEMA ON CHILD'S FACE

Spread All Over Nose and Mouth.
Itched and Burned. Child Very
Fretful. Badly Disfigured.

HEALED BY CUTICURA SOAP AND OINTMENT

"My little girl had eczema on her face. The trouble first started on her upper lip by a small pimple breaking out just under her nose, and afterward it spread all over her nose and mouth and formed a black scab. Every time she would cry it would burst open and bleed. It itched and burned causing her to scratch and irritate her face. The trouble caused the child to be very fretful and restless at night, and she was badly disfigured. When we used Cuticura Soap and Ointment, and after using them for one month, the eruption all disappeared." (Signed) J. C. Houston, Evans, Ky., July 14, 1915.

Your Examination

means all in the comfort of your
glasses. This is why I so often hear
the pleasing remark "Dr. Campbell
I am delighted with my glasses." I
laid the foundation for this remark in
the examination room, it being equip-
ped with the very latest appliances
that science has imparted to man for
making a differential diagnosis of
your eye trouble, hence, guess work is
eliminated. Then being able to enter
into the spirit of one having eye
trouble same nature as yours, I design
and grind the glasses to please, and
adjust them to the contour of the
face. That's just what you get
here and you couldn't get better in
New York or Paris and the cost is
small.

TWO BATH HOUSES ARE BUILT FOR ORR MILLS

COMPANY ADDS TO CONVEN-
IENCE AND PLEASURE OF
ITS EMPLOYEES

SHOWER BATHS

Sanitary and Up-to-Date Places
Constructed, One For the Men
and One For Women.

Work has just been completed on
two bath houses at the Orr Cotton
mills, which were built by the com-
pany for the use of their employees
and their families. Each one is
equipped with five shower baths and
supplied with both cold and hot wa-
ter, and in addition to the shower
baths, each of which is private and
has lock and key, the buildings are
provided with ample rest rooms or
waiting rooms and toilets. One will
be for the use of the women and girls
and will be in charge of a woman
attendant, the other for the men and
boys and will be in charge of a man
attendant.

This is quite an innovation along
this line and will doubtless be much
appreciated, no charge whatever be-
ing made for the use of the buildings.
The following notice has been pre-
pared by Superintendent J. A. Ly-
ons and will be posted in the waiting
rooms when they are opened, which
will probably be this week:
"This building and equipment is
furnished by Orr Cotton Mills solely
for the convenience and benefit of its
operatives and their families and it
is hoped that each one, in the use and
enjoyment of it, will cooperate with
the attendant in keeping the place
clean and in order—and that we may
have frequent showers."

ANDERSON NEGRO WAS MEMBER OF TENTH CAVALRY

Aunt Charlotte Michael Has Son
in Mexico and is Anxiously
Awaiting Details of
Fight

Aunt Charlotte Michael, a highly
respected negro woman of this city,
living on North Fant street, has a
son, Herbert Michael, with the 10th
cavalry in Mexico, and talking with
a reporter yesterday told of receiv-
ing a postal card from her son, bear-
ing date of Columbus, N. M., June
22. The card stated that he had just
arrived at Columbus from Ohio and
that his troop expected to join Gen-
eral Pershing's force at once. Aunt
Charlotte said she understood her
son to be with the Quartermasters
Corps, and that she did not consider
it likely that he was with Troops C
or K, which were attacked by Mexi-
cans near Carrizal.

The old woman is, naturally, much
distressed about her son and anxiously
awaits news from him. She ques-
tioned the reporter eagerly as to the
latest news of the Mexican situation.
She said Herbert had been in the
army several years.

"SEALED VALLEY"

Will Be Shown at the Bijou today.
Nahnya Crossfox with her family
and relatives lives in a hidden valley
in the north country. In this hidden
valley there is untold virgin gold.
The Indians have little use for gold,
but Nahnya, educated at a convent,
is well advanced.
She starts to a nearby settlement
to procure the services of a doctor
and meets young Ralph Cowdray,
who longing for adventure and ro-
mance, has settled in Fort Edward.
The doctor, demanding payment in
advance, is surprised when Nahnya
displays a large bag of gold. At-
tracted by the gold and the good
looks of the girl, he accompanies her.
They journey to where Nahnya's
brother is waiting and during a
seven days' trip through the rapids,
the doctor and the Indian girl are
drawn closely together.

Note Via Submarine

Paris, June 26.—A Madrid dis-
patch to the Temps quoted the im-
perialist as reporting that President
Wilson will receive a message from
the German emperor in the same
manner as did King Alfonso. This
statement is included in an interview
which the representatives of the im-
perialist had with the German naval
attaché von Krohn, who declared
that the bringing of letters to the
king of Spain by a German subma-
rine could not affect Spanish neutral-
ity, which the Germans respect.
The Spanish newspapers, the Zu-
parch, adds, demand that the govern-
ment take measures to prevent a re-
petition of the submarine incident.

Atlanta, Ga., June 26.—To keep
militia headquarters in constant
touch with the militia throughout the
state, the Southern Bell Telephone
company has put a special operator on
duty at the central office in Atlanta.
This Atlanta operator, Mrs. J. Van
Ness, will be in touch with all mil-
itia headquarters in the state. She
will be in touch with the central office

all militia headquarters in the state.

FLORIDA TO MAINE VIA FORD CARAVAN

Prominent Bankers and Family

Mr. A. H. DeVane and family, of
Lakeland, Fla., and Mr. Elbert De-
Vane and Miss Connie Evans, of
Pleasant City, Fla., who are making a
trip to Portland, Maine, stopped in
Anderson for a short while Monday
afternoon. The party, consisting of
eleven, are making the trip in Ford
cars, two touring cars and a truck—
all Fords—and Mr. DeVane says
that they are having a delightful time.
"We left Lakeland a week ago Wed-
nesday," said Mr. DeVane to a re-
porter for The Intelligencer, "and
thus far have been having a picnic.
Our city, Lakeland, located in Polk
county, a county which voted a bond
issue on June 1st for one and one-
half million dollars to build two hun-
dred miles of asphalt roads, we think,
is one of the most beautiful spots
on the face of the earth, but you
have some here yourself, and your
streets are fine."

Mr. DeVane is president of The
State Bank of Lakeland, and this lit-
tle jaunt across the country is in the
nature of a well earned vacation. The
party is especially well prepared,
carrying with them a most complete
camping outfit which consists of
folding camp, folding chairs, etc.
They expect to stop in Washington
three or four days and will make
several stops in Virginia, arriving at
their destination around July 10th.

WAR SCARE HAS A BEARISH EFFECT

Cotton Market Off 10 Points—
Expect Hostilities.

Cotton went off 10 points yesterday
as a result of the Mexican trouble,
according to Mr. Walter Storm,
member of the firm of Johnston,
Storm & Co., with offices here. Mr.
Storm said he expected marked fluc-
tuations in the market to follow a
declaration of war against Mexico.

One telegram received by Mr.
Storm at the local office from his
firm in New York stated that a de-
claration of war is expected before
the end of the week.

The telegrams are given as fol-
lows:

Even Texas Outdistanced By This City In Number Men In A Single Company

ARTICLE IN LITERARY DIGEST TELLS OF "BIG" COMPANY
SENT TO BORDER BY "LONE STAR" STATE, BUT ANDER-
SON HAS STILL A BETTER RECORD IN COMPANY B

In a highly interesting article in
The Literary Digest, last week's is-
sue, under the caption "Swearing in
the Militia," the writer describes the
functions of a militia camp in Texas
and tells of the doings of the largest
company in the state.

Quoting the article, in part, an in-
teresting sidelight reads: "With
swift, characterizing strokes the
writer paints in the scene at the en-
campment, with the flag fluttering
far down the field from the tall pole,
the long, near rows of brown tents
edging the company streets, which
stretch away black and boggy after
the continued rains. And above it
all tower the twin steel fingers of
the wireless, pointing to the sky
that hangs laden above them."

"Then comes the largest company
in the camp, with 136 men and of-
ficers. There are originally 137 men,
but one has refused to enlist, and he
sits apart from the parade-grounds,
squatting on his heels, wearing a
faded serge suit and no collar, and
twirling nervously an old Panama
hat. None of his companies will
look at him."

Anderson Six Ahead.
It will be of interest to note that
the largest company of the entire
Texas militia has only 136 men and
officers. Company B, of Anderson,
now encamped at Styr, has 142 men
and officers. The people of Texas
should be, and are, more aroused over
degradations committed by the
bandits and the followers of Carran-
za than any other state in the union,
yet the company organized here will
put more men on the border to de-
fend it against Mexicans than the
"Lone Star" state with all of its
enormous population and heralded
military spirit.

From all sections of the state
comes words of praise for Anderson
and the sentiment it represents in

the Mexican trouble. Not only has
